COVID19 SAFE PLAN – 15th January 2021

With reference to advice from the Queensland Bridge Association, the Queensland Department of Health and the Queensland Government's Industry COVID-Safe Plan for Indoor Sports:

We will undertake the following:

1. The Premises will be arranged so that a maximum of 96 people will be able to attend and follow, if possible, the distancing requirements of 1.5m between people and no more than 1 person per 2sqm inside.
2. Members of Australian bridge clubs, ***who have not been in a designated government hotspot in the last 14 days*** can attend the playing sessions.
3. Each player, on arrival, must pass the COVID questionnaire test on current health status and recent movements. They will have their temperature tested. If they are not a member of the Sunshine Coast bridge club then they must provide contact details for recording for contact tracing purposes.
4. All players are encouraged to have received the 2020 flu vaccine and have downloaded the COVID19 Safe app to their phone.
5. All players must provide their own writing material and water bottle (if required).
6. All players will follow these protocols:
 - a. Wear a face mask if you are not comfortable with the separation between players.
 - b. Use hand sanitiser as necessary for your comfort
 - c. Ensure the Bridgemates are used by only one person (usually North), checking of scores visually only
7. At the mid-play break players will use the provided mugs and disposable stirring sticks. Milk, if required, will be available in jugs. Tea will be served by kitchen staff, coffee is available in jars or individual serves, if you prefer. The provided biscuits will be scattered on trays to enable access to individual items to avoid cross-contamination. Access to hot water urns to be monitored to ensure social distancing is adhered to.
8. The dealing of boards to include a wipe down of the outside of the card carrier by the dealer before distribution
9. Each board will be only used once every week to minimise frequent board re-use.
