## **COVID19 SAFE PLAN – 1<sup>st</sup> December 2020**

With reference to advice from the Queensland Bridge Association, the Queensland Department of Health and the Queensland Government's Industry COVID-Safe Plan for Indoor Sports:

We will undertake the following:

1. The Premises will be arranged so that a maximum of 96 people will be able to attend and follow the distancing requirements of 1.5m between people if possible and no more than 1 person per 2sqm inside. Only members of the Sunshine Coast Zone (Caboolture, Bribie Island, Caloundra, Sunshine Coast, Coolumb, and Noosa bridge clubs) can attend the playing sessions.
1. Each player, on arrival, must pass the COVID questionnaire test on current health status and recent movements (they will not be admitted if they have been in any government declared "hot spot" in the last 14 days). They will have their temperature tested. If they are not a member of the Sunshine Coast bridge club then they must provide contact details for recording for contact tracing purposes.
2. All players are encouraged to have received the 2020 flu vaccine and have downloaded the COVID19 Safe app to their phone.
3. All players must provide their own writing material and water bottle (if required).
4. All players will follow these protocols:
  - a. Wear a face mask if you are not comfortable with the separation between players.
  - b. Use hand sanitiser as necessary for your comfort
  - c. Ensure the Bridgemates are used by only one person (usually North), checking of scores visually only
5. At the mid-play break players will use the provided mugs, individually wrapped coffee sticks, sugar sachets and disposable stirring sticks. Milk, if required, will be available in jugs. Tea will be served by kitchen staff. The provided biscuits will be scattered on trays to enable access to individual items to avoid cross-contamination. Access to hot water urns to be monitored to ensure social distancing is adhered to.
6. The dealing of boards to include a wipe down of the outside of the card carrier by the dealer before distribution
7. Each board will be only used once every week to minimise frequent board re-use.
